

CLH...Committed to Cleaner Tomorrow Through Innovation.

Pressure Transducer

Technical Specifications

- **Pressure Range:** 400 Bar
- **Accuracy:** +/- 0.25 % FS BFSL
- **Media compatibility:** Fluids Compatible with 17-4 PH Stainless Steel
- **Pressure cycle:** > 10 Million
- **Pressure Overload:** 2 Times rated Pressure without Calibration Shift
- **Burst Pressure:** 5 Times Rated Pressure
- **Long Term Stability:** +/- 0.25% FS Typical (12 Months)
- **Supply Voltage:** 9 – 30V
- **Output:** 4-20 mA
